4. Other items of interest.

a. Reserved Parking Permits for Car Pools. We have given you a memorandum form of application for a car pool parking permit. Please xerox this in whatever number of copies you may need for your component. We suggest that the memo be prepared in a single copy only and that you initial and date the application. We suggest you xerox a copy of the application for your use. When SSA has initialed and dated, we will xerox a copy for our use and once LSD has issued the permit, it will be returned to you through SSA. An application must carry a minimum of three signatures. Initially, LSD will issue 2 copies of the reserved space permit and additional copies up to a total of 5 may be obtained by written request from the car pool members directly to Chief, LSD/OL. We are prepared to receive completed applications as of now. As you recall permits will be issued on a "first come, first served" basis. For the time being, any reserved or lane permit recovered as the result of issuance of a car pool permit will remain with your component for issue as you choose.

e. Summer Retirements. The 4.8 percent cost-of-living annuity increase that became effective July 1 brought the greatest number of retirements in the 52-year history of the Civil Service Retirement System. Normally about 5,000 Federal employees retire each month. However, during May, June, July, and August, the Commission received 80,000 claims - about 60,000 above normal. Almost all new annuitants have been placed in special payment status and work is proceeding on final adjudication of claims.
